B.O. CARL.

Miss Claire Pratt Eldredge and Walter Scott Weller were married in the Salt Lake temple yesterday. President Francis M. Lyman officiated. A reception was held at 8 o'clock in the evening at 36 East Seventh South street, where about 150 guests were assembled. The rooms were beautifully decorated in flowers, palms and ferns, white and green being used in the parlors, red in the hall, yellow in the library and pink in the dining room. The guests were received by Mrs. Elias A. Smith and Mrs. John Medley Johnson.

The bridal party stood under a canopy of smilax, interlarded with white asters. The bride was beautifully gowned in a princess lace over chiffon and tulle. She carried a shower bouquet of bridal roses. Miss Phyllis Thatcher of Logan and Miss Pearl Weller, sister of the groom, attended her. Miss Thatcher wore a princess gown of pale blue crepe de chine over tulle. Miss Weller wore a white net over pink tulle, made empire princess. Levi E. Young attended the groom.

Miss Bertha Eccles of Ogden and Miss Florence Horne of this city served punch in the hall. Misses Evelyn Eldredge, Vera Eldredge and Florence and Ruth Spence assisted in the dining room.

Mr. and Mrs. Weller will be at home to their friends at the Fifth East hotel, where they will reside until their new home is completed.

The marriage of Miss Sigrid Pedersen and Bert O. Carl took place quietly last evening with only the parents of the young people present. The ceremony was followed by no social affair whatever, but Mr. and Mrs. Carl left immediately after for the northwest, where they will spend a short honeymoon. Later they will make their home in this city.

Mr. and Mrs. Henry M. Crowther have left Riverside on their wedding trip by the southern route, and have gone directly to New Orleans. They will not return to Salt Lake for many months, possibly nearly a year. Their present plan is to visit all the large cities of the south and to spend some part of the coming winter in Cuba and the Bahama Islands. From there they will go to New York and sail for a tour of Europe lasting some months. Later they will come to Salt Lake for a brief visit and will then make their home in New York.

The marriage of Miss Hattie Whitney and Sidney Saville took place yesterday morning at 10 o'clock in the Salt Lake temple, Bishop O. F. Whitney officiating. The ceremony was followed by a large reception last evening at the home of Mr. and Mrs. George D. Pyper, when the bride was attended by Miss Rebecca Pyper, and William James was the best man. The bride party stood in the bow window beneath a canopy of white and green, and the same colors were used in the decoration of the parlors all through. Pink and white asters and pink satin ribbon decorated the dining table, a low mound of the flowers forming the centerpiece. The wedding cake boxes were arranged in a high pink basket, and it was in charge of two little nieces of the bride, the Misses Almee and Kathryn Whitney. The dining room was in charge of Mrs. L. T. Whitney and Mrs. W. T. Pyper, and these were assisted by the Misses Maud Patrick, Verna Young, Jean Spencer, Rebecca Spencer, Claire Saville and Margaret Whitney. Genevieve and Glen Douglas of Ogden and Mrs. V. S. Snow. Punch was served by Miss Gertrude Moyle and Miss Lena Moore, and those who received the guests with Mr. and Mrs. Pyper were Mr. and Mrs. H. G. Whitney, Mr. Saville, father of the groom, and Mrs. J. T. Young, the groom's sister. The bride's gown was of white satin with princess lace, and her flowers were white roses. Mr. and Mrs. Saville went directly to their new home on D street, where they will shortly be at home to their friends.

Mrs. A. H. Mayne and Mrs. J. C. Jacobs entertained yesterday afternoon at a delightful reception in compliment to Mrs. Benjamin Young, who leaves with Dr. Young shortly to live in Portland. The affair was given in the home of Mrs. Jacobs, and a great number of friends called during the afternoon hours. The house was bright with asters except in the dining room, where autumn leaves and autumn fruits were used for decorating the table. The ladies of the aid society of the church presented Mrs. Young with a beautiful gift of a dozen pearl-handled knives. A number of the young girls of the church assisted the two hostesses in serving.

The marriage of Miss Alice Castleton and Mark C. McDaniel, which took place yesterday morning in the temple, was followed last evening by a large informal reception at the home of the bride's parents. About a hundred of the relatives and friends were present to extend good wishes to the

young people. Miss Ivy Castleton and Miss Norma Pederson served punch. Mr. and Mrs. McDaniel went direct to their new home at 343 Tenth East street, where they will shortly be at home to their friends.

Miss Eudora Daly entertained a dozen girls at the matinee yesterday, the affair being in honor of the Misses Wall, two of whom leave tomorrow evening for Washington to re-enter school. The party occupied two stalls, and following the play a supper was served downtown, at which the decorations were all in yellow.

The organization's membership is made up of laymen of the Protestant Episcopal church in all parts of the world, and the convention will continue through the rest of the week. The proceedings began this morning with separate meetings of the United States council, the Canadian council and the international committee, followed by a preparatory and devotional conference of convention speakers, led by James L. SKILLED LABOR SCARCE.

Mechanics of All Descriptions Needed at Bremerton Navy Yard.

Seattle, Wash., Sept. 25.—Officials at the Puget Sound navy yard, realizing that labor shortage here will be the most potent to militate against the Bremerton establishment, have asked the secretary of the navy to advertise widely throughout the east for mechanics of all description. Notwithstanding the fact that the government pays better wages than skilled workmen than any private machine shop or employer of metal trades mechanics, there is a shortage of 1,000 men practically at the navy yard today and the situation is likely to become serious before the battleship fleet arrives.

Stores of Alaska gold and high wages paid by rival railroad companies in the northern district, say yard foremen, lure the men away from here soon after they have arrived.

MONSTER PETITION SENT.

Ottawa, Ont., Sept. 25.—A monster petition, signed by hundreds of British Columbians, is on its way to the premier, Sir Wilfrid Laurier. It prays that legislation be passed to exclude all persons of Japanese descent from the province, and to exclude all persons of Japanese descent from the Dominion of Canada. So far the Japanese government had made no claim on the Dominion government for damages on account of the Vancouver troubles.

KNOWS HOW.

Doctor Had Been Over the Road.

When a doctor, who has been the victim of the coffee habit, cures himself by leaving off coffee and taking Postum Food Coffee, he knows something about what he is advising in that line.

A good old doctor in Ohio, who had for one time been the victim of the coffee habit, advised a woman to leave off coffee and take on Postum.

She suffered from indigestion and a weak and irregular heart and general nervous condition. She thought that it would be difficult to stop coffee abruptly. She says: "I had considerable hesitancy about making the change, one reason being that a friend of mine tried Postum and did not like it. The doctor, however, gave explicit directions that Postum must be boiled long enough to bring out the flavor and food value."

"His suggestions were carried out and the delicious beverage so excited me, so that I hastened to inform my friend who had rejected Postum. She is now using it regularly, after she found that it could be made to taste good."

"I observed a short time after starting Postum, a decided change in my nervous system. I could sleep soundly, and my brain was more active. My complexion became clear and rosy, whereas it had been muddy and spotted before; in fact, all of the abnormal symptoms disappeared and I am now feeling perfectly well."

"Another friend was troubled in much the same manner as I, and she has recovered from her heart and stomach trouble by leaving off coffee and using Postum Food Coffee."

"I know of several others who have had much the same experience. It is only necessary that Postum be well boiled and it wins its own way."

CHOATE ADMITS DEFEAT.

Permanent Court of Arbitration Opposed at The Hague.

The Hague, Sept. 25.—Joseph H. Choate, head of the American delegation to the peace conference, is ready to acknowledge the defeat of his pet scheme for the establishment here of a permanent court of arbitration, but he and James B. Scott, solicitor of the department of state at Washington and a member of the delegation, are doing everything possible to induce the majority of the delegates to adopt Mr. Choate's last proposal, namely, the election of fifteen judges of the court by a direct vote of the governments in the forthcoming plenary sitting of the committee on arbitration.

TRACES OF RADIUM.

Strata From the Simplon Tunnel Analyzed by Professor Joly.

Geneva, Sept. 25.—A newspaper states that the Swiss government has completed a geological examination of specimens of the strata collected in the borings for the Simplon tunnel. He found rich traces of radium, indicating larger deposits than any hitherto discovered in Europe. He believes that the presence of these deposits caused the abnormal heat experienced in building the tunnel. He predicts that continued research will prove the world's supply of radium is greater than was supposed.

RICH GOLD FIND.

Tacoma, Wash., Sept. 25.—Private advices from authentic source report a rich gold discovery on Valdez creek in the Sushita valley, twenty-five miles from Copper Center, which is on the Valdez-Fairbanks trail, 300 miles from Valdez. Peter Monahan, the discoverer, took out \$30,000 two years ago and during the past summer, with machinery to work the bench above the creek, took out one nugget valued at \$50 and several others ranging from \$20 to \$300. It is predicted that the stamped-out to mines will result in mining town equal to Fairbanks.
